Collects Ghost Rider (2019) #1-4, Absolute Carnage: Symbiote Of Vengeance And Material From Marvel Comics Presents (2019) #6 and Incoming #1. All hell breaks loose as the Brothers Ghost Rider return! Johnny Blaze is the King of Hell, its first line of defense against demonic hordes trying to escape and lords of other infernal regions making a play for his throne - including a certain evil queen from his past! Meanwhile, Danny Ketch never wanted to be a Ghost Rider. But with his brother in charge downstairs, Ketch must become Earth's Spirit of Vengeance full-time - no matter how much he'd rather be doing anything else. And with the psychopathic symbiote Carnage targeting a third Ghost Rider, Alejandra Jones, he could be her only hope! But when the inevitable happens and Rider battles Rider, who will Mephisto have his money on? Who invented God? When, why, and where? Thomas Römer seeks to answer these enigmatic questions about the delty of the great monotheisms—Yhwh, God, or Allah—by tracing Israelite beliefs and their context from the Bronze Age to the end of the Old Testament period in the third century BCE, in a masterpiece of detective work and exposition.

In Beyond Belief, renowned religion scholar Elaine Pagels continues her groundbreaking examination of the earliest Christian texts, arguing for an ongoing assessment of faith and a questioning of religious orthodoxy. Spurred on by personal tragedy and new scholarship from an international group of researchers, Pagels returns to her investigation of the “secret” Gospel of Thomas, and breathes new life into writings once thought heretical. As she arrives at an ever-deeper conviction in her own faith, Pagels reveals how faith allows for a diversity of interpretations, and that the “rogue” voices of Christianity encourage and sustain “the recognition of the light within us all.”

After turning over a new leaf and vowing to protect the innocent, Eddie Brock and his alien symbiote stalk the streets of San Francisco looking for trouble as Venom - and boy, do they find it in these action-packed tales! It's a veritable who's-who of Spider-Man's deadliest foes as Venom goes toe-to-toe with the Punisher, Juggernaut, Demogoblin, and Morbius the Living Vampire! But when Eddie Brock bonds with yet another parasitic life-form, will he succumb to madness - or can he conquer the enemy within? Plus: Venom takes on the ever-incredible Hulk, in a rare and never-before-reprinted tale written by legendary Hulk scribe Peter David! The swashbuckling fantasy action manga that inspired the Netflix Original Series anime! When they were accused of trying to overthrow the monarchy, the feared warriors the Seven Deadly Sins were sent into exile. Princess Elizabeth discovers the truth - the Sins were framed by the king's guard, the Holy Knights - too late to prevent them from assassinating her father and seizing the throne! Now the princess is on the run, seeking the Sins to help her reclaim the kingdom. But the first Sin she meets, Meliodas, is a little innkeeper with a talking pig. He doesn't even have a real sword! Have the legends of the Sins' strength been exaggerated. . . ? Back in a new printing is this original vision of a forest filled with cute horny winged little fairies in tight fetish leather outfits. In Kondom's fairy-world, when a fairy turns 100 years old they become keepers and caretakers of the forest and all the little critters who live in the woods. While searching for a missing Stag Beetle, Pfl comes across an isolated house with three evil fairies who drug, bind and take her prisoner for their own sexual purposes. Where is Pamilia and how does Pfl get out of this one?

Valerio Massimo Manfredi's The Oracle is a modern thriller inspired by an ancient prophecy. 1973. Professor Periklis Harvatis, working alone and late into the night on an important archaeological dig, unearths a magnificent golden vase upon which the enigmatic images of a long-lost second Odyssey are engraved, showing the mystery of Ulysses' final voyage. But in the very same chamber, the Professor sees something so frightening that less than seven hours later he dies. . . . but not before he has ensured the safety of the vase. Ten years later, a series of gruesome deaths connected to the rape and murder during the student protests in Athens of a Greek woman, on the same night as Professor Harvatis's discovery, is perplexing the authorities. Each atrocity is accompanied by a dire quotation from the ancient sources, exposing an ingeniously cruel mind. Who is behind these murders? How are these two events connected? And what is the significance of the age-old prophecy of the Odyssey?

During the summer of his first year in high school, a young man named Hodaka runs away from home to the bustling city of Tokyo. Alone and exhausted, he decides to kill time in a fast food place, where he meets a young woman named Hina who happens to work there. Little does he know that Hina possesses powers that not only affect the weather, but the whole world... In Weathering with You, Makoto Shinkai dives into topics like love and sacrifice to show how far one boy goes to protect the thing he loves most. This manga reveals the backstories and true thoughts of the characters who stole the hearts of fans and critics worldwide.

An audacious and terrifying new thriller from the author of the international bestseller The Genesis Secret. When David Martinez receives an ancient map from his dying grandfather, he is led into the heart of the Basque mountains, where a genetic curse lies buried– and a frightening secret about the Western world is hidden. Meanwhile, London journalist Simon Quinn is investigating two violent murders. Both victims had once been interned in a top-secret Nazi camp–and both came from the Basque region. With The Marks of Cain, Tom Knox (The Lost Goddess) delivers on the promise of his astonishing debut novel, crafting a terrifying and even more ambitious thriller that delves into the shocking truth of what drives human beings to violence, genocide, and war.

Harley Quinn has the comic opportunity of a lifetime—becoming the “Galactic Angel of Retribution” for the Lords of Chaos and Order! But to prove herself worthy, she must survive six suitably bizarre trials, including teaming up with Batman, getting turned into a giant bug, fighting space aliens, and surviving Gotham City after its transformation into a deadly medieval fantasy RPG. Collects issues #55 and 57–63.

The Original Bondage Fairies

The Earth Chronicles series is based on the premise that mythology is not fanciful but the repository of ancient memories; that the Bible ought to be read literally as a historic/scientific document; and that ancient civilizations—older and greater than assumed—were the product of knowledge brought to Earth by the Anunnaki. “Those Who from Heaven to Earth Came.” The 12th Planet, the first book of the series, presents ancient evidence for the existence of an additional planet in the Solar System: the home planet of the Anunnaki. In confirmation of this evidence, recent data from unmanned spacecraft has led astronomers to actively search for what is being called “Planet X.” The subsequent volume, The Stairway to Heaven, traces man’s unending search for immortality to a spacecraft in the Sinai Peninsula and to the Giza pyramids, which had served as landing beacons for it—refuting the notion that these pyramids were built by human pharaohs. Recently, records by an eye witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book’s conclusions. The Wars of Gods and Men, recounting events closer to our times, concludes that the Sinai spacecraft was destroyed 4,000 years ago with nuclear weapons. Photographs of Earth from space clearly show evidence of such an explosion. Such gratifying corroboration of audacious conclusions has been even swifter for The Lost Realms. In the relatively short interval between the completion of the manuscript and its publication, archaeologists, linguists, and other scientists have offered a “coastal theory” in lieu of the “frozen trekking” one to account for man’s arrival in the Americas—in ships, as this volume has concluded. These experts have “suddenly discovered 2,000 years of missing civilization” in the words of a Yale University scholar—confirming this book’s conclusion—and are now linking the beginnings of such civilizations to those of the Old World, as Sumerian texts and biblical verses. For the first time, the entire Earth Chronicles series is now available in a hardcover collector’s edition.

Since earliest times, humanity has pondered the incomprehensible mysteries of the universe, life...and the afterlife. In The Stairway to Heaven, the second book of Zecharia Sitchin’s Earth Chronicles series, the author answers these fundamental questions: Was there somewhere on Earth where, after death, mortal man could join the immortal Gods? Where was this place? By whom was it established? And does it still exist today? After years of painstaking research—combining recent archaeological discoveries with ancient texts and artifacts—Sitchin has identified the legendary Land of the Gods, and provided astounding new revelations about the Great Pyramids, the Sphinx, and other mysterious monuments whose true meanings and purposes have been lost for eons. The Earth Chronicles deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire Earth Chronicles series is now available in a hardcover collector’s edition.

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. “ A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought. ” —Kirkus Reviews In Fingerprints of the Gods, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind `s hidden past. In ancient monuments as far apart as Egypt `s Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico `s awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-identified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, Fingerprnts of the Gods contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And Fingerprints of God tells us something more. As we recover the history of prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. “ Readers will hugely enjoy their quest in these pages of inspired storytelling. ” —The Times (UK)

The smash hit that instantly sold out of both its hardcover and softc chaotic, propulsive, LOUD is a beauty: a book not to be read, but to be felt." -Brian Azzarello (100 Bullets, Wonder Woman) "Maria Llovet is one of my favorite emerging cartoonists, and her new book LOUD is exactly as it sounds--brash, colorful, sexy, and just a little sleazy--highly recommended!" -Paul Pope (Battling Boy, Batman Year 100) In this original and lucid account of how Spanish painters of the 16th and 17th centuries dealt with mystic visions in their art, and of how they attempted to "represent the unrepresentable," Victor Stoichita aims to establish a theory of visionary imagery in Western art in general, and one for the Spanish Counter-Reformation in particular.

Reformation was characterized by a rediscovery of the role of the imagination in the exercise of faith. This had important consequences for painters such as Velazquez, Zurbaran and El Greco, leading to the development of ingenious solutions for visual depictions of mystical experience. This was to crystallize into an overtly meditative and cerebral and passionate is due to the particular historical forces which shaped it. Stoichita's account will be of crucial interest not just to scholars of Spanish art but to anyone interested in how art responds to ideological pressures.
