Editor's Choice - The Bookseller This, the first colouring book from VOGUE, has been created by award-winning writer, fashion editor, curator and Royal College of Art Professor, Iain R Webb. The hand-drawn artworks are inspired by iconic images from British VOGUE in the 1950s - an era of hats and matching gloves, haughty elegance and hourglass silhouettes (a period that continues to inspire contemporary designers including Miuccia Prada and Dolce & Gabbana). The book features a glamorous dream wardrobe of luxurious ballgowns and soigné cocktail dresses, smart suits and dramatic accessories by key designers including Christian Dior, Balenciaga, Givenchy and Chanel. The accompanying captions offer fashion and style tips (often highly amusing in hindsight) and are taken from the original pages of VOGUE. The c90 artworks can be coloured in in the spirit of the original images that inspired them or embellished with whatever colours and patterns take the reader's fancy. The colouring book is the perfect present for all those who love vintage fashion and will be published in time for VOGUE's centenary celebrations in 2016, which begin with a major exhibition at the National Portrait Gallery.

Science fiction meets murder mystery in this edge-of-your-seat thriller. The Lost Causes are five teens with serious problems and only one thing in common: people have written them off. Now they're thrown together in group therapy, with vague promises of healing. Their problems do go away when they drink the water their therapist gives them. But that's because it's not just water. Unknowingly, the teens have ingested a serum that gives them psychic powers, part of an FBI plan to find out who was behind the grisly murder that has rocked their small town. Their new powers will help them uncover clues and follow leads that have eluded the authorities, and their outsider status gives them the perfect cover. But the same traits that make them top investigators also make them vulnerable. As they close in on the murderer, they expose a much larger conspiracy that puts them directly in harm's way and makes them wonder who if anyone they can trust.

**A charming addition to Rizzoli's carefully curated program of bringing classic books back into print. This beautifully packaged facsimile of Edith Holden's original diary is filled with a naturalist's masterful paintings and delightful observations chronicling the English countryside throughout 1906. As one of the few true records of the time in print, the handwritten thoughts and paintings contained in The Country Diary of an Edwardian Lady transport readers to a more refined, romantic, and simpler time. Capitalizing on the current Downton Abbey-inspired appetite for Edwardian-era ephemera, fashions, and society, this reproduction brings readers back to a time in which propriety, civility, and an appreciation for the natural world reigned. This souvenir of a bygone era serves not only as a calming touchstone, but a reminder that as long as we choose to see it, we are still surrounded by beauty and grace. Presented to retain the charm and beauty of the original volume filled with Holden's hand-drawn illustrations of the English countryside's flora and fauna through the changing seasons of the year, as well as handwritten notes, observations, and quotations, The Country Diary of an Edwardian Lady makes a lovely addition to any home's library or side table.**
