renewed purpose, she demonstrates that we do not need a superhero gene to be resilient and overcome hardships in our lives. Describing her roller coaster of triumphs and disappointments along the way, Laura helps us recognise that resilience is rarely a simple act of “bouncing back” but instead, a determined effort and process to climb our way back up each time we are knocked down. It is through these difficult times that Laura helps us discover our hidden reserve of strengths to develop resilience and she provides tangible steps to help us to regain control of our life.

Struggles and loss are unavoidable; we cannot avoid the pitfalls in life but rather than succumb, Laura illustrates that we have the resources we need to meet our challenges head-on and that life becomes more meaningful when we know what we live and stand for. With her tenacity and zest for life, Laura 's story inspires us to find our inner strength and to choose to flourish.
