Entrepreneurship and Small Business

The emergence of an enterprise culture and entrepreneurial economy has led to the rapid development of theories, policies and practices in the field of entrepreneurship. Understanding Enterprise provides a critical introduction to enterprise in its broadest context, particularly its application to business through entrepreneurship and small business. The book is divided into three distinct parts, which examine traditional approaches to entrepreneurship, new perspectives on the subject, and the success or otherwise of government policy. Key

features: - Extensively revised to take into account the latest thinking and research - Reassessment of traditional views and a critique of conventional wisdom - Updated coverage of the impact and failings of comparative government policies - A good balance between theoretical and practical perspectives Understanding Enterprise is an essential companion for undergraduate and postgraduate students of entrepreneurship. Policy makers and practitioners will also benefit from this comprehensive guide.

This text covers all mandatory and specialists units for the certificate in the Construction and the Built Environment pathway, and all the mandatory units for the award in all the pathways. Each unit contains assessment activities, with grading advice and extension tips.

BTEC and Heinemann have joined forces to bring students and tutors BTEC's own resources to accompany the new specification - from the BTEC team, for BTEC learners.

BTEC Level 3 National Sport Study Guide

The aim of this book is to provide comprehensive coverage of topics in Unit 1 of the BTEC Level 3 course in Information Technology in an interesting and approachable manner. If you are studying this course, you need to notice, read about, experience and analyse the impact and implications of current and emerging digital technologies. Examples and case studies from scenarios and events that have recently been in the news are used to bring the subject to life. Reading and discussing articles from quality

newspapers, whether printed or online, discussing relevant TV documentaries, noticing and analysing the use of digital technology in countless aspects of life, as well as learning from a textbook, are all going to contribute to a successful exam result. The book is divided into six sections corresponding to the six Learning Aims outlined in the specification, complementing each of the PG Online teaching resource packs. These sections are divided into between four and eight chapters, each containing material that can be covered in one or two lessons. The chapters have in-text questions which can be used as discussion points in a lesson. An extra chapter at the end of Learning Aim B on "Drawing System Diagrams" will be useful for students faced with a question on the exam for which they are required to draw such a diagram. In addition to almost 100 in-text questions and discussion points, there are over 80 end-of-chapter exercises that are designed to give practice in answering exam-style questions, using command words such as state, describe, explain, analyse. As much practice as possible is needed in answering such questions and getting feedback from the teacher so as to understand how to gain the maximum possible marks in the final exam.

Fully updated to reflect the 2010 BTEC National Sport specification, Performance and Excellence pathway, this new edition of the bestselling textbook provides students with all the knowledge, understanding and skills to put them on the path to success with their BTEC National Sport qualification. Written by expert senior verifiers who have been involved with the new qualification's development. BTEC LEVEL 3 NATIONAL SPORT: PERFORMANCE AND EXCELLENCE SECOND EDITION provides complete coverage of every level of the qualification and includes: --clear learning goals and key learning points --clear layout with student-friendly accessible text --expert assessment tips --even more colour photos to provide even greater context for students --clear mapping of knowledge and activities to the relevant Pass, Merit and Distinction criteria --practical case studies linked to assessment

This Student Book supports the Edexcel BTEC Level 3 National Health and Social Care qualification for the 2010 QCF specification.
