

# Chac Mool Short Story Analysis

Presents the literary and cultural heritage of Latin America from the colonial period through the twentieth century and examines texts from the early explorers, military and religious groups, political and native influences, and women writers. Here is a true literary event—the long-awaited new novel by Carlos Fuentes, one of the world's great writers. By turns a tragedy and a farce, an acidic black comedy and an indictment of modern politics, *The Eagle's Throne* is a seriously entertaining and perceptive story of international intrigue, sexual deception, naked ambition, and treacherous betrayal. In the near future, at a meeting of the United Nations

## Get Free Chac Mool Short Story Analysis

Security Council, Mexico's idealistic president has dared to vote against the U.S. occupation of Colombia and Washington's refusal to pay OPEC prices for oil. Retaliation is swift. Concocting a "glitch" in a Florida satellite, America's president cuts Mexico's communications systems—no phones, faxes, or e-mails—and plunges the country into an administrative nightmare of colossal proportions. Now, despite the motto that "a Mexican politician never puts anything in writing," people have no choice but to communicate through letters, which Fuentes crafts with a keen understanding of man's motives and desires. As the blizzard of activity grows more and more complex, political adversaries come out to prey. The ineffectual president, his scheming cabinet secretary, a thuggish and ruthless police

## Get Free Chac Mool Short Story Analysis

chief, and an unscrupulous, sensual kingmaker are just a few of the fascinating characters maneuvering and jockeying for position to achieve the power they all so desperately crave. The life and fate of Laura Dâiaz becomes entwined in the history, culture, and politics of Mexico, in a novel that chronicles her life from 1905 to 1978 as she becomes a politically active artist, wife, mother, and lover.

In literary and cinematic fictions, the fantastic blurs the lines between reality and fantasy. Lacking a consensus on definition, critics often describe the fantastic as supernatural, or similar to, but quite different from fantasy, science fiction, and magical realism. In *Unraveling the Real* Cynthia Duncan provides a new theoretical framework for discussing how the fantastic explores both metaphysical and socially relevant

## Get Free Chac Mool Short Story Analysis

themes in Spanish American fictions. Duncan deftly shows how authors and artists have used this literary genre to convey marginalized voices as well as critique colonialism, racism, sexism, and classism. Selecting examples from the works of such noted writers as Jorge Luis Borges, Julio Cortázar, and Carlos Fuentes, among others, she shows how capacious the concept is, and why it eludes standard definition. Challenging the notion that the fantastic is escapist in nature, *Unraveling the Real* shows how the fantastic has been politically engaged throughout the twentieth century, often questioning what is real or unreal. Presenting a mirror image of reality, the fantastic does not promote a utopian parallel universe but rather challenges the way we think about the world around us and the cultural legacy of colonialism.

Caribbean literature.

In this collection of stories, Poniatowska weaves together the disparate lives that make up Mexico's rich cultural tapestry. These are stories about servants and matriarchs, street sweepers and sorceresses, shop keepers, nannies, mothers, travelers, prostitutes, and drug addicts. They are stories of broken lives and broken hearts, of betrayal and rebirth. The language is melodic, sensual, plain, coarse, aristocratic. It reflects the varied idioms of Mexico's diverse social classes. Poniatowska constructs characters of immense complexity, then slowly peels away the emotional and psychological layers to expose their greatest vulnerability. Nowhere is this more visible than in the title story *The Heart of the Artichoke*.

Carlos Fuentes is a master of modern world literature. With the translation of his major works into English and other languages, his reputation has surpassed the boundaries of his native Mexico and of Hispanic literature and has become international. Now each new novel stimulates popular and scholarly reviews in periodicals from Mexico City and Buenos Aires to Paris and New York. *Carlos Fuentes: A Critical View* is the first full-scale examination in English of this major writer's work. The range and diversity of this critical view are remarkable and reflect similar characteristics in the creative work of Carlos Fuentes, a man of formidable intellectual energy and curiosity. The whole of Fuentes' work is encompassed by Luis Leal as he explores history and myth in the writer's narrative. Insightful new

A Dual-Language Book

A Scattering of Jades

In this remarkable book, the renowned Mexican healer Sergio Magaña reveals the fascinating secrets of the ancient Toltec tradition. Closed to outsiders until now, this rich spiritual tradition is over 5,000 years old. The original holders of this secret knowledge, the Chichimeca, were considered to be masters, with a deep understanding of the dream state and a working knowledge of how our perceptions form our reality, as well as the capacity to influence matter. The Toltec Secret reveals the incredibly powerful rituals and symbols that will enable you to: • become lucid in your dreams •

## Get Free Chac Mool Short Story Analysis

create your life through your dreams like the Toltecs did • send healing to others while in the dreaming state • communicate with your ancestors • develop your intuition and use Toltec techniques to see the aura • heal and rejuvenate your body by connecting with the energy of the sun • use the mysterious obsidian mirror for healing yourself and others • practise the powerful dances of the Toltecs and Mexihcas.

In American Westerns, the main characters are most often gunfighters, lawmen, ranchers and dancehall girls. Civil professionals such as doctors, engineers and journalists have been given far less representation, usually appearing as background

## Get Free Chac Mool Short Story Analysis

characters in most films and fiction. In Westerns about the 1910 Mexican Revolution, however, civil professionals also feature prominently in the narrative, often as members of the intelligentsia—an important force in Mexican politics. This book compares the roles of civil professionals in most American Westerns to those in films on the 1910 Mexican Revolution. Included are studies on the Santiago Toole novels by Richard Wheeler, *Strange Lady in Town* with Greer Garson and *La sombra del Caudillo* by Martín Luis Guzmán.

indigenous strand of Chicano cultural politics. In particular, this book exposes the ethnographic and poetic discourses that shaped the aesthetics and stylistics of Chicano nationalism and Chicana feminism. Contreras offers original perspectives on writers ranging from Alurista and Gloria Anzaldúa to Lorna Dee Cervantes and Alma Luz Villanueva, effectively marking the invocation of a Chicano indigeneity whose foundations and formulations can be linked to U.S. and British modernist writing. By highlighting intertextualities such as those between Anzaldúa and D. H. Lawrence,

## Get Free Chac Mool Short Story Analysis

Contreras critiques the resilience of primitivism in the Mexican borderlands. She questions established cultural perspectives on "the native," which paradoxically challenge and reaffirm racialized representations of Indians in the Americas. In doing so, *Blood Lines* brings a new understanding to the contradictory and richly textured literary relationship that links the projects of European modernism and Anglo-American authors, on the one hand, and the imaginary of the post-revolutionary Mexican state and Chicano/a writers, on the other hand.

## Get Free Chac Mool Short Story Analysis

Magical realism can lay claim to being one of most recognizable genres of prose writing. It mingles the probable and improbable, the real and the fantastic, and it provided the late-twentieth century novel with an infusion of creative energy in Latin America, Africa, Asia, and beyond. Writers such as Alejo Carpentier, Gabriel García Márquez, Isabel Allende, Salman Rushdie, Ben Okri, and many others harnessed the resources of narrative realism to the representation of folklore, belief, and fantasy. This book sheds new light on magical realism, exploring in detail its global origins and development. It offers

Since its violent dissolution in 1521, the Aztec Empire of Mexico has continually intrigued us. Recent discoveries resulting from the excavation of the Templo Mayor in the heart of Mexico City have taught us even more about this fascinating culture. The increasing recognition that the achievements of Mesoamerican civilizations were among the most sophisticated of the ancient world has led to a demand for introductions to the basic methods and theories of scholars working throughout the region.

Handbook to Life in the Aztec World gathers the results from recent archaeological discoveries and scholarly research into a single accessible volume. Organized
