During his lifetime, the sounds of Handel's music reached from court to theater, echoed in cathedrals, and filled crowded taverns, but the man himself—known to most as the composer of *Messiah*—is a bit of a mystery. Though he took meticulous care of his musical manuscripts and even provided for their preservation on his

death, very little of an intimate nature survives. One document—Handel's will—offers us a narrow window into his personal life. In it, he remembers not only family and close colleagues but also neighborhood friends. In search of the private man behind the public figure, Ellen T. The result is a tightly woven tapestry of London in the first half of the eighteenth century, one that interlaces vibrant descriptions of Handel's music with stories of loyalty, cunning, and betrayal. With this wholly new approach, Harris has achieved something greater than biography. Layering the interconnecting stories of Handel's friends like the subjects and countersubjects of a

Bach and Handel, however. Whereas Bach came from a family that had produced musicians for generations, there was nothing in Handel's background that would suggest he would become a great composer. And, though Bach and Handel grew up so close to each other, the two would never meet. Throughout his long career, Handel continually produced wonderful instrumental music, including many great operas and oratorios which he produced for an eager audience. classical music designed to enhance their enjoyment of the core orchestral repertoire from 1700 to 1950 Robert Philip, scholar, broadcaster, and musician, has compiled an essential handbook for lovers of classical music, designed to enhance their listening experience to the full. Covering four hundred works by sixty-eight composers from Corelli to Shostakovich, this engaging companion explores and unpacks the most frequently performed works, including symphonies, concertos, overtures, suites, and ballet scores. It offers intriguing details about each piece while avoiding technical terminology that might frustrate the non-specialist reader. Philip identifies key features in each work, as well as subtleties and surprises that await the attentive listener, and he includes enough background and

biographical information to illuminate the composer's intentions. Organized alphabetically from Bach to Webern, this compendium will be indispensable for classical music enthusiasts, whether in the concert hall or enjoying recordings at home.

Includes a solo transcription of the 'Hallelujah Chorus' from Handel's glorious oratorio Messiah. Individual stylized dance pieces (Sarabandes, Minuets, Giges, Allemandes, and Courantes) and Suites from the period are also included. Great for teaching a variety of Baroque styles to students! 43 titles on 152 pages.

At Weissenfels, the court of the Duke of Saxony, the budding spirit of the ten year old firstly became obvious to an audience listening. His friendship with George Phillip Telemann led him to Hamburg at the very beginning of the 18th century. Here his genius became already visible and he began to develop his own particular style of composing operas which remained so significant for him for decades. In Rome, his next domicile, it was the oratorio beside the opera he focused

on. The time he spent in Italy was most formative for his further personal development. The main focus of this script is on Handel's London years from 1711 to 1759 where his career reached its peak. Here it was that his entirely new creation, the English oratorio became such a great success. This almost half a century brought glory, crisis and wealth to George Frideric Handel.

Handel, then still only twenty-seven and largely self-taught, would be at the heart of music activity in London for the next four decades, composing masterpiece after masterpiece, whether the glorious coronation anthem, Zadok the Priest, operas such as Rinaldo and Alcina or the great oratorios, culminating, of course, in Messiah. It is a story of music-making and musicianship, but also of courts and cabals of theatrical rivalries and of eighteenth-century society.
