30 Controls for the PRK-1U, was created by Dr. Grigori Grabovoi, based on his great scientific research and his registered patents. There are no analog devices in the world. The device will be configured according to the personal parameters of those who sign a contract when acquire the device or by using it Online 24/7 at IVIDEON platform. By concentrating on the device, it is possible to develop one's own consciousness to be able to control events (including health) in order to improve them, develop clairvoyance, and be able to design favorable future events. The device was designed to develop the following concentration types: Concentration for any event or situation (including health) Concentration to rejuvenate Concentration for the development and clairvoyance control Concentration for the forecasting control development Concentration for the Eternal Life Development The strength of concentrations and the development of consciousness due to the concentration, is the same. But the physical device has an advantage: when the device is turned on, the person who is at 3 meters distance and is the one who was configured in the device, will take to the norm all its events, even if that person is not concentrated. Why the person has to be concentrated if the physical device is turned on and taking to the norm the events? Because when it is concentrated, the consciousness of the person is being developed and if the consciousness is developed, the person can take to the norm its own events without the device, and besides will develop the clairvoyance. The structures of personality as Consciousness, the Spirit, the Soul in terms of their organization from the physical body will be considered in the theme of the present seminar. The physical body of man is considered firstly, and then this consideration is extended to the physical bodies of other living beings. Then the technology of the organization of the physical body of man will be considered from the point of view of God, and specific control methods will be given for the rapid development of controlling clairvoyance and forecasting to ensure eternal life.

See it with love, and feel the love of the Creator. From that cell send light to your organs, and see how your skin rejuvenates. Enlighten your heart and thank for the rejuvenation.

The present paper is based on practical outcomes, obtained at implementing the concept of salvation through control. There were studied results of saving men and equipment, the results of managing matter. Minutes of the results are in the three-volume book "Grigori Grabovoi. The Practice of Control. The Way of Salvation". The obtained results suggest that a change in the matter of the constructive plan is explainable by using concepts of consciousness, perception, information, the object of information, events of denoted reality, events of the physical reality. The concepts of consciousness and perception applicable for a human being, are generalized here for other objects of reality as well. For such objects the term consciousness would mean a method of generalized reaction of objects to the informational environment, and perception is a method of a particular response of an object's segment. Considering that this material is presented as the structure of the human response to information, it is clear that the reaction of any other information objects can be defined by means of extrapolating from human consciousness to other information objects. This element of cognition causes a change in the cognizable element. Therefore, the knowledge presented here in such a way that mastering it should occur both logically and associatively. The location of symbols and spaces in the text matter much in such a material feed.

Introduction to the Methods of Grigori Grabovoi

Beyond the Flesh is a powerful, well-written book that makes the words of the Bible leap off of the pages, and bring you face-to-face with the inspiring reality of how you can live your everyday life in the amazing realm of the Spirit of God. This book will revolutionize your thinking concerning God's plan and purpose for your life and destiny and it will lead you to begin enjoying the freedom of a deeper intimacy with God. There is a "Life Discussions" guide following each chapter, so that, through open dialogue within discussion groups, the material is made even more relevant. The author, with striking imagery, explores the WHY regarding God's creation of man, the temptation and choices which lead to the fall of man, and, how Christ's redemption of man has placed us ALL on a new footing toward achieving God's glorious original purpose for having created us. In God's original purpose there is no room for selfishness, hatred, lack of forgiveness, greed, and other such things that are like them. But if we are to come into the true stature of who we were created to be, then each person that reaches that stature must first get beyond the life-crushing constraints of their own flesh. Beyond the selfish emotional demands of the flesh is the only way that any person can live a life in the spirit. Beyond the Flesh is a book that challenges each of us to get past our hurts, doubts, fears and anger; and just allow God to "Be-In-Charge" of our life, so that we can really come to know true success. This book really drives home the point that: God is 'Invisible', but not 'Absent,' and He desires that we each have a personal relationship with Him. In this regard we truly are...not alone.

Pranic Healing presents a unique holistic approach used to treat a variety of ailments, from fever to heart conditions to cancer. By tapping into pranic or "ki" (chi) energy - the universal force which is our life force - the author presents techniques for beginning, intermediate and advanced healing. The distant stars, from which only the light can be seen by physical eyesight, have subtle connections with the Soul of man. Man can perceive the light of his Soul with physical eyesight, which is mixed with the color of human body. You can see with this understanding, that the starlight is crossed and combined with the light of the Soul at a distance from human body and on human body at the physical level. The Light of stars, in a sense, is an element of eternity in terms of the fact, that such light often reaches a human individual in millions of light-years, and it is simultaneously a gateway to the world, that is on the other side of a star, and it is infinite.

MORE THAN FORTY-FIVE YEARS OF INTENSIVE STUDY and thousands of experiments with people from all walks of life have gone into the creation of what I call Perfect Living. And what is Perfect Living? Perfect Living is a state of absolute self-togetherness, a union of the conscious and subconscious selves for the ultimate good and benefit of your whole person. Though this union of an individual's two selves has been much written and talked about, little has been accomplished to bring it down to a tangible level. In my own mind-science studies I concentrated on discovering a practical method of uniting the conscious mind and the subconscious, and found a technique through which such a union can be achieved. My technique calls for four easily adopted attitudes and the use of switchwords, a means by which the conscious mind can "talk to" and direct the thought patterns of the subconscious. Through these switchwords the conscious person gains the cooperation of his subconscious self, creating an inner harmony that brings immediate results. For example, how often is your day spoiled by a persistent, nagging pain or headache? Aspirin may bring temporary relief, but it doesn't get to the cause, and the pain returns. Wouldn't it be wonderful to be able to utter a single word which would instantly cause all pain to vanish? There is such a word, and Chapter 9 of this book explains in detail how you can make it work for you. Or have you ever lost or misplaced some important or valuable possessions? The more desperately you search for the object, the more it seems to elude you. But with one of the magic switchwords you relax and let your Inner Self bring you to the thing you are searching for. Chapter 8 covers the details on how you can turn on your own finder machinery. These are only two small examples of what Perfect Living and its switchwords can do for you. With Perfect Living you can do anything. You can: 1. Conquer all your fears. 2. Learn to relax. 3. Keep yourself forever young. 4. Overcome despair and "blue" moods. 5. Begin to know yourself. 6. Get along better with other people. 7. Set goals and achieve them. 8. Gain money and new prosperity. 9. Free yourself of bad habits. 10. Achieve glowing health and freedom from pain. 11. Release your hidden abilities. 12. Be a permanently happy person, invulnerable to any upset or setback. But the benefits of Perfect Living are endless and the book itself explains them all to you. Why not put this modern miracle to work now? Make Perfect Living a part of your life!

Then, for man, the Soul of God is also the manifested material world. First, it is his degree of thinking towards God, that is, how much he reaches God in his thinking, and then some already manifested material processes go. By comparing this, for example, with the physiological level of a person, it can be said in such a way, that a person, for example, there, when waking up or being born, he first examines the internal structure of the organism, that is, well, what is always with him. The simplest postulate for a person is to have what is always with him. So, it is, for example, as if his constant vision of his bodily structure. And considering body as the physiological structure of the Soul in terms of its action, for example, in infinite development - specifically in this position - we can quite say that by analogy with this, God sees firstly the whole world. That is, when He turns to the Soul, He also can see His own structure of the organization of His own Soul. After all, for God, who can create everything, it means, He can create His own Soul practically at the same time. There is a fundamental difference between God and man in terms of action. Because when we want to learn how to do what God does, we must see what we can learn. It is again an absolutely applied mechanism of action here: we must obligatorily see the difference.

This book presents a method for improving health by focusing on seven-digit, eight-digit, and nine-digit numbers, which the author obtained in the course of his practical work. Seven-digit numerical sequences form the basis of the system. For further specific conditions, eight-digit and nine-digit numbers are given in the table of contents, as well as throughout the book. The picture used in the design of the cover is an author's picture of Grigori Grabovoi from his book of images "Manifestations of Eternity". Foreshortening of images, in this book, fills you with eternity.
