Waggin' Tail, a camp for canines in the scenic Maine woods, will be a vacation in pet heaven. So does Rowdy, her champion malamute—especially when there are pooches galore: mixed breeds, Pekes, cairn terriers, Labradors, shelties, and a gorgeous mastiff pup. But upon Holly's arrival at the camp, things swiftly go to the dogs. Instead of the advertised gourmet food, there's olive loaf and soggy pudding. The human campers are given to nasty back-stabbing. And Holly receives a black-edged card consoling her for the loss of her dog. Is this someone's sick idea of a joke? Suddenly Waggin' Tail seems

like the summer camp from hell. Then a dog owner turns up dead in a freak accident. The probable cause? The victim's own dog! Holly suspects a four-footed frame-up and with Rowdy sets out to find the real culprit. She's on the scent and closing fast—which makes her the perfect target for a killer whose bite is definitely worse than his bark. The New Complete Dog Book

Rooted in the creative success of over 30 years of supermarket tabloid publishing, the Weekly World News has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading

America's foremost authorities on dog care and training distill decades of experience in a comprehensive "foundational" guide for dog owners. No matter what training method or techniques you use with your dog, the training is unlikely to be optimally successful unless it is predicated on an understanding of the dog's true nature. Dogs need food, water, exercise and play, rest, veterinary care--the basics. But since dogs naturally want to be led, they also need focused and compassionate guidance. Through abundant stories and case studies, the authors reveal how

canine nature manifests itself in various behaviors, some potentially disruptive to domestic accord, and show how in addressing these behaviors you can strengthen the bond with your dog as well as keep the peace. The promise of this book is that, especially in an ever-accelerating world filled with digital distractions, you can learn from your dog's example how to live in the moment, thereby enriching your life immeasurably.
