

Sda Bible Commentary

Ever since Jesus read from the scroll of Isaiah in the synagogue of Nazareth, Christians have gravitated to this great prophecy as the interpretive center of the Old Testament. Barry Webb calls Isaiah the "Romans" of the Old Testament, where all the threads come together and the big picture of God's purposes for his people and for his world are most clearly set forth.

"The Andrews Bible Commentary is a concise

exposition of Scripture written by faithful scholars of the Seventh-day Adventist Church as a companion to the Andrews Study Bible for lay readers, pastors, students, and teachers living in expectation of the Advent Hope. Each book has an introduction. The commentary text is approached from a passage-by-passage basis, rather than a verse-by-verse basis. This allows for more engagement with the extended thought of the passage. Other occasional features include general articles, short word studies and

explanations set off from the regular text, and short essays on important topics related to the passage at hand. A personal relationship with Jesus transforms the way we read Scripture. We come to the Bible to inform and focus the worship of Jesus as Savior and Lord. And, in a special way, we come to the Bible to nourish hope in His Second Coming. We are not disappointed, for the theme of the great Day of the Lord and of Christ's Return permeates the entire biblical record. It is the purpose of the Andrews Bible Commentary to

trace "the Blessed Hope" (Titus 2:13) in the pages of Scripture and to read all of the Bible in the light of that hope. This time between the First and Second Advents of Jesus is a challenging one. We need instruction and inspiration as we wait. What does the Bible have to say to believers who, with both longing and joy, anticipate the Return of Jesus? Answering that question is at the heart of the Andrews Bible Commentary, which seeks to instruct and inspire all who long for Christ's Second Coming"--

The first half is devoted to the history of the movement, and the second half to an examination of charges made against the Advent believers, such as that they wore ascension robes, that the Millerite preaching filled the asylums, and so forth.

Doukhan shows how careless interpretations of Scripture can spawn anti-Semitism. He examines the traditional theories: Has God rejected the Jews as His special people and replaced them with the Christian church (supersessionism)? Or does He have two separate ways of salvation, Judaism and Christianity, under different covenants (dispensationalism)? Or is there a

Biblicism, an approach to the Bible common among some
American evangelicals, emphasizes together the Bible's
exclusive authority, infallibility, clarity, self-sufficiency, internal
consistency, self-evident meaning, and universal applicability.

Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims. If evangelical biblicism worked as its proponents say it should, there would not be the vast variety of interpretive differences that biblicists themselves reach when they actually read and interpret the Bible. Far from challenging the inspiration and authority of Scripture, Smith critiques a particular rendering of it, encouraging evangelicals to seek a more responsible, coherent, and defensible approach to biblical authority. This important book has generated lively discussion and debate. The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked.

In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

Jacques B. Doukhan, an Adventist scholar of Jewish heritage, mines the Old Testament to uncover new meaning in the battle of Armageddon and the millennium. He ties the symbolism of the book to the sanctuary service of ancient Israel, showing how the seven sections of the book correspond to the seven feasts of Judaism.

He argues that the prophecies of Revelation foretell the eventual discrediting of secularism (Egypt), the resurgence of conservative religion (Babylon), and a final coalition of the two movements in the climactic events before the second coming of Christ to defeat sin and save His people.
