

The Secret Blessing The Dala II Al Khayrat For Children

The New York Times Bestselling author of the On Dublin Street series and Play On returns to the world of the arts in this intense and emotional standalone romance about love, sacrifice, and surviving both. Once upon a time Skylar Finch was the lead singer of a hugely successful American pop-rock band. But fame made her miserable. When years of living a lie suddenly ended in tragedy, Skylar fell off the map. Eighteen months later she’s sleeping in a tent in a cemetery in Glasgow, making just enough money to eat by busking on the streets. She manages to avoid recognition, but not the attention of one of Glasgow’s ambitious A&R executives. Killian O’Dea works at Skyscraper Records, Scotland’s most successful record label. Raised by his uncle and owner of the label, Killian’s upbringing would have been devoid of affection entirely if it wasn’t for his loving sister. Killian is unflinchingly determined to bring the label more success than ever, and the young homeless woman who busks on Buchanan Street is going to help him do that. Her music speaks to him in a way he refuses to over-analyze. All he knows is that if it can touch his dark soul, it’ll set everyone else’s alight. Skylar makes it clear that she doesn’t want to sign with him. But when she experiences the dangerous reality of a woman sleeping rough, Skylar has no one else but Killian to turn to. An undeniable connection forms between them. But Skylar doesn’t want the career Killian is trying to forge for her, and when her past comes back to haunt her Killian will be faced with a decision that could ruin him. He must either free Skylar from his selfish machinations and destroy everything he’s ever worked for, or lose a woman who has come to mean more to him than he ever thought possible.

In our day, which is characterized by a great misunderstanding of Islam, this work outlines the ideal of an Islamic society at the time of the Prophet Muhammad.

A collection of essential daily prayers of Tibetan Buddhism.

The sayings and wisdom of Imam 'AlI transcend superficial differences, to reveal everlasting truths that can only serve to guide and illuminate the seeker and traveler on his or her journey through life, as clearly, constantly, and unerringly as the Pole Star.

A Vintage Shorts "Short Story Month" Selection Pranab Chakraborty was a fellow Bengali from Calcutta who had washed up on the shores of Central Square. Soon he was one of the family. From the winner of the Pulitzer Prize and the Frank O'Connor International Short Story Award, a staggeringly beautiful and precise story about a Bengali family in Cambridge, Massachusetts, the impossibilities of love, and the unanticipated pleasures and complications of life in America. "Hell-Heaven" is Jhumpa Lahiri's ode to the intimate secrets of closest kin, from the acclaimed collection Unaccustomed Earth. An eBook short.

Beginning in the nineteenth century and continuing to the present day, both Buddhists and admirers of Buddhism have proclaimed the compatibility of Buddhism and science. Their assertions have ranged from modest claims about the efficacy of meditation for mental health to grander declarations that the Buddha himself anticipated the theories of relativity, quantum physics and the big bang more than two millennia ago. In Buddhism and Science, Donald S. Lopez Jr. is less interested in evaluating the accuracy of such claims than in exploring how and why these two seemingly disparate modes of understanding the inner and outer universe have been so persistently linked. Lopez opens with an account of the rise and fall of Mount Meru, the great peak that stands at the center of the flat earth of Buddhist cosmography—and which was interpreted anew once it proved incompatible with modern geography. From there, he analyzes the way in which Buddhist concepts of spiritual nobility were enlisted to support the notorious science of race in the nineteenth century. Bringing the story to the present, Lopez explores the Dalai Lama's interest in scientific discoveries, as well as the implications of research on meditation for neuroscience. Lopez argues that by presenting an ancient Asian tradition as compatible with—and even anticipating—scientific discoveries, European enthusiasts and Asian elites have sidestepped the debates on the relevance of religion in the modern world that began in the nineteenth century and still flare today. As new discoveries continue to reshape our understanding of mind and matter, Buddhism and Science will be indispensable reading for those fascinated by religion, science, and their often vexed relation.

The Philippines series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages.

Over the course of ten centuries, Islam developed a rich written heritage that is visible in paintings, calligraphies, and manuscripts. The Islamic Manuscript Tradition explores this aspect of Islamic history with studies of the materials and tools of literate culture, including pens, inks, and papers, Qur'ans, Persian and Mughal illustrated manuscripts, Ottoman devotional works, cartographical manuscripts, printed books, and Islamic erotica. Seven essays present new scholarship on a wide range of topics including collection, miniaturization, illustrated devotional books, the history of the printing press in Islamic lands, and the presence and function of erotic paintings. This beautifully produced volume includes 111 color illustrations and provides a valuable new resource for students and scholars of Islamic art.

The Dala'ii al Khayrat is a devotional text used by Muslims around the world to praise the Prophet Muhammad (s) by Imam Muhammad bin Sulayman al Jazuli. This series will offer 40 salawats from the text that are easy to explain to children. There are several stories about the origin of the Dala'ii Al-Khayrat so that the children can learn about where it may have come from, and these stories have been interspersed with the framing story in this text. The Grandfather is the donor figure teaching his two grandsons about the Dala'ii Khayrat. This text uses the translation from Dala'ii Al-Khayrat: Arabic with English Translation and Transliteration produced by the Institute for Spiritual and Cultural Advancement for the verses that are used. Please see our website for more ideas about teaching Muslim children about the Prophet Muhammad (s). https://siratjunmunira.wordpress.com

My Beloved Prophet

A Book on Islamic Morals and Ethics

The Path of Muhammad

sall-Allāhu ‘alaihi wa sallam

The Living Church

The Ideal Muslimah This an incredibly sane book, which can help a woman (who is truly female), keep her head on straight and not get lost in a very dangerous game where she only stands to lose. Satan will try to convince women that they have the right to challenge the boundaries of their existence. This book more than anything can help a woman become a decent, loving, compassionate and honest person, which is a huge challenge for most people. This is an excellent book to not only have as a reference book, but to read many times. The book covers everything from the relationship to Allah (God), hospitality to Marriage and family.

NATIONAL BESTSELLER Two great spiritual masters share their own hard-won wisdom about living with joy even in the face of adversity. The occasion was a big birthday. And it inspired two close friends to get together for a talk about something very important to them. The friends were His Holiness the Dalai Lama and Archbishop Desmond Tutu. The subject was joy. Both winners of the Nobel Prize, both great spiritual masters and moral leaders of our time, they are also known for being among the most infectiously happy people on the planet, despite having experienced great personal and national suffering. From the beginning the book was envisioned as a three-layer birthday cake, the first being their personal stories and teachings about joy. Both the Dalai Lama and Tutu have been tested by extraordinary adversity, oppression, and conflict. The second layer consists of the exciting research into joy as well as the other qualities essential for any enduring happiness, like gratitude, humility, humour, compassion, generosity, and forgiveness. And the third encompasses practical exercises and guidance based on the Dalai Lama's and Tutu's own daily practices, which anchor their emotional and spiritual lives. Most of all, during that landmark week in Dharamsala, they demonstrated by their own exuberance, compassion, and even wise-cracking humour, how joy can be transformed from a fleeting emotion into an enduring way of being.

This open access book presents fresh ethnographic work from the regions of Africa and Melanesia—where the popularity of charismatic Christianity can be linked to a revival and transformation of witchcraft. The volume demonstrates how the Holy Spirit has become an adversary to the reconfirmed presence of witches, demons, and sorcerers as manifestations of evil. We learn how this is articulated in spiritual warfare, in crusades, and in healing or witch-killing raids. The contributors highlight what happens to phenomena that people address as locally specific witchcraft or sorcery when re-molded within the universalist Pentecostal demonology, vocabulary, and confrontational methodology.

The Illustrated London News

Using the traditional Buddhist allegorical image of the Wheel of Life and the teaching of the twelve links of dependent origination, the Dalai Lama deftly illustrates how our existence, though fleeting and often full of woes, brims with the potential for peace and happiness. We can realize that potential by cultivating a wise appreciation of the interdependency of actions and experience, and by living a kind and compassionate life. A life thus lived, the Dalai Lama teaches, becomes thoroughly meaningful for both oneself and for others.

The Secret Blessing: the Dala'ii Al Khayrat for Children

Kitab Ash-Shifa bi ta'rif huquq al-Mustafa, (Healing by the recognition of the Rights of the Chosen One), of Qadi 'Iyad (d. 544H/1149CE) is perhaps the most frequently used and commented upon handbook in which the Prophet's, may Allah bless him and grant him peace, life, his qualities and his miracles are described in every detail. Generally known by its short title, Ash-Shifa, this work was so highly admired throughout the Muslim world that it soon acquired a sanctity of its own for it is said: "If Ash-Shifa is found in a house, this house will not suffer any harm... when a sick person reads it or it is recited to him, Allah will restore his health." Ash-Shifa gathers together all that is necessary to acquaint the reader with the true stature of the Prophet, may Allah bless him and grant him peace, with the esteem and respect which is due to him, and with the verdict regarding anyone who does not fulfil what his stature demands or who attempts to denigrate his supreme status - even by as much as a nail paring. QADI 'IYAD His full name was Abu al-Fadl 'Iyad ibn Musa ibn 'Iyad ibn 'Imran ibn Musa ibn Muhammad ibn 'Abdullah ibn Musa ibn 'Iyad al-Yahsubi, the famous Imam. He was born in Ceuta in 496 AH and lived there although his family originated from Andalusia. According to his son, Muhammad, his ancestors originated in Andalusia and then moved to the city of Fes, staying in the Qarawiyyin at some point. 'Imrnn moved to Ceuta after having lived in Fes. Qadi 'Iyad was the Imam of his time in hadith and its sciences. He was a scholar of tafsir and its sciences, a faqih in usul, a scholar in grammar, language and Arabic speech, as well as in the battles and lineages of the Arabs. He had insight into judgements and had the legal competence to write contracts. He preserved and knew the Maliki madhhab. He was an excellent poet, familiar with literature and an eloquent orator. He was steadfast, forbearing and a good companion. He was generous and gave a lot of sadaqa. He was constant in action and tenacious in the truth. He died in Marrakesh in the month of Jumada al-Akhira or Ramadan in 544 AH. AISHA BEWLEY Aisha Abdurrahman at Tarjumana Bewley is one of today's most prolific translators of classical Arabic works into English. For more than thirty-five years she has been concerned with making the contents of many classical Arabic works more accessible to English-speaking readers. She is co-translator of The Noble Qur'an A New Rendering of its Meaning in English. Other works include Al-Muwatta of Imam Malik, The Meaning of Man, Mu'awiya - Restorer of the Muslim Faith, A Glossary of Islamic Terms, Islam: The Empowering of Women and Muslim Women, a Biographical Dictionary.

Lasting Happiness in a Changing World

Explores Jung's psychological concepts regarding the nature, function and importance of man's symbols as they appear on both the conscious and subconscious level

This book is a political history of the island of Malaita in the British Solomon Islands Protectorate from 1927, when the last violent resistance to colonial rule was crushed, to 1953 and the inauguration of the island ' s first representative political body, the Malaita Council. At the book ' s heart is a political movement known as Maasina Rule, which dominated political affairs in the southeastern Solomons for many years after World War II. The movement ' s ideology, kastom, was grounded in the determination that only Malaitans themselves could properly chart their future through application of Malaitan sensibilities and methods, free from British interference. Kastom promoted a radical transformation of Malaitan lives by sweeping social engineering projects and alternative governing and legal structures. When the government tried to suppress Maasina Rule through force, its followers brought colonial administration on the island to a halt for several years through a labor strike and massive civil resistance actions that overflowed government prison camps. David Akin draws on extensive archival and field research to present a practice-based analysis of colonial officers ' interactions with Malaitans in the years leading up to and during Maasina Rule. A primary focus is the place of knowledge in the colonial administration. Many scholars have explored how various regimes deployed " colonial knowledge " of subject populations in Asia and Africa to reorder and rule them. The British imported to the Solomons models for " native administration " based on such an approach, particularly schemes of indirect rule developed in Africa. The concept of " custom " was basic to these schemes and to European understandings of Melanesians, and it was made the lynchpin of government policies that granted limited political roles to local ideas and practices. Officers knew very little about Malaitan cultures, however, and Malaitans seized the opportunity to transform custom into kastom, as the foundation for a new society. The book ' s overarching topic is the dangerous road that colonial ignorance paved for policy makers, from young cadets in the field to high officials in distant Fiji and London. Today kastom remains a powerful concept on Malaita, but continued confusion regarding its origins, history, and meanings hampers understandings of contemporary Malaitan politics and of Malaitan people ' s ongoing, problematic relations with the state.

Through conversations, stories, and meditations, the Dalai Lama shows us how to defeat day-to-day anxiety, insecurity, anger, and discouragement. Together with Dr. Howard Cutler, he explores many facets of everyday life, including relationships, loss, and the pursuit of wealth, to illustrate how to ride through life's obstacles on a deep and abiding source of inner peace. Based on 2,500 years of Buddhist meditations mixed with a healthy dose of common sense, THE ART OF HAPPINESS is a book that crosses the boundaries of traditions to help readers with difficulties common to all human beings. After being in print for ten years, this book has touched countless lives and uplifted spirits around the world.

Buddhist Perspectives on Cause and Effect

***\*Why do seemingly rational, intelligent people commit acts of cruelty and violence? \*What are the root causes of destructive behavior? \*How can we control the emotions that drive these impulses? \*Can we learn to live at peace with ourselves and others? Imagine sitting with the Dalai Lama in his private meeting room with a small group of world-class scientists and philosophers. The talk is lively and fascinating as these leading minds grapple with age-old questions of compelling contemporary urgency. Daniel Goleman, the internationally bestselling author of Emotional Intelligence, provides the illuminating commentary—and reports on the breakthrough research this historic gathering inspired. Destructive Emotions Buddhist philosophy tells us that all personal unhappiness and interpersonal conflict lie in the “three poisons”: craving, anger, and delusion. It also provides antidotes of astonishing psychological sophistication—which are now being confirmed by modern neuroscience. With new high-tech devices, scientists can peer inside the brain centers that calm the inner storms of rage and fear. They also can demonstrate that awareness-training strategies such as meditation strengthen emotional stability—and greatly enhance our positive moods. The distinguished panel members report these recent findings and debate an exhilarating range of other topics: What role do destructive emotions play in human evolution? Are they “hardwired” in our bodies? Are they universal, or does culture determine how we feel? How can we nurture the compassion that is also our birthright? We learn how practices that reduce negativity have also been shown to bolster the immune system. Here, too, is an enlightened proposal for a school-based program of social and emotional learning that can help our children increase self-awareness, manage their anger, and become more empathetic. Throughout, these provocative ideas are brought to life by the play of personalities, by the Dalai Lama’s probing questions, and by his surprising sense of humor. Although there are no easy answers, the dialogues, which are part of a series sponsored by the Mind and Life Institute, chart an ultimately hopeful course. They are sure to spark discussion among educators, religious and political leaders, parents—and all people who seek peace for themselves and the world. The Mind and Life Institute sponsors cross-cultural dialogues that bring together the Dalai Lama and other Buddhist scholars with Western scientists and philosophers. Mind and Life VIII, on which this book is based, took place in Dharamsala, India, in March 2000.***

***A Love Most People Only Dream About Do you want to take your marriage to the next level? Are you focusing on who is at fault in your relationship rather than what can be done? Have you wondered how to divorce-proof your marriage so you won't become the next statistic? In Marriage Covenant, internationally acclaimed Bible teacher Derek Prince unravels the mysteries of marriage, revealing God's purpose and plans for covenant relationship. In a straightforward but profound way, Derek explains God's original intent for marriage, how to create an unbreakable relationship, how to take your marriage from bitter to blissful, and what specific qualities to look for in a spouse. By following God's plan, you can build a giving, passionate marriage. Together, you and your spouse will be able to face difficulties, overcome them, and emerge stronger and more united than ever. Discover lasting principles for a happy, mutually fulfilling, and loving relationship.***

***SOON TO BE A MAJOR MOTION PICTURE The stunning Booker Prize-winning novel from the author of Amnesty and Selection Day that critics have likened to Richard Wright’s Native Son, The White Tiger follows a darkly comic Bangalore driver through the poverty and corruption of modern India’s caste society. “This is the authentic voice of the Third World, like you’ve never heard it before” (John Burdett, Bangkok 8). The white tiger of this novel is Balram Halwai, a poor Indian villager whose great ambition leads him to the zenith of Indian business culture, the world of the Bangalore entrepreneur. On the occasion of the president of China’s impending trip to Bangalore, Balram writes a letter to him describing his transformation and his experience as driver and servant to a wealthy Indian family, which he thinks exemplifies the contradictions and complications of Indian society. Recalling The Death of Vishnu and Bangkok 8 in ambition, scope, The White Tiger is narrative genius with a mischief and personality all its own. Amoral, irreverent, deeply endearing, and utterly contemporary, this novel is an international publishing sensation—and a startling, provocative debut.***

***Around 1720 in Fez A mad b. al-Mub rak al-Lama , a religious scholar, wrote down the words and teachings of the Sufi master Abd al- Az z al-Dabb gh. Al-Dabb gh shunned religious studies but, having reached illumination and met with the Prophet Mu ammad, he was able to explain any obscurities in the Qur n, ad ths and sayings of earlier Sufis. The resulting book, known as the Ibr z, describes how al-Dabb gh attained illumination and access to the Prophet, as well as his teachings about the Council of the godly that regulates the world, relations between master and disciple, the darkness in men s bodies, Adam s creation, Barzakh, Paradise and Hell, and much more besides.This encyclopaedia of Sufism with its many teaching stories and illustrations provides a window onto social life and religious ideasin Fez a generation or so before powerful outside forces began to play a role in the radical transformation of Morocco.***
