Maggie Russell—legal assistant by day, horror writer by night—gets the scare of her life when she wakes up in a strange café without any idea of how she got there. But if she tells anyone about her sleepwalking escapades, she could lose her grandmother’s house, and she’d fought so hard to keep it. Dean Parker is a private investigator whose office is next door to Maggie’s law firm. He’s been eyeing the pretty brunette ever since she started working there, but getting involved with anyone isn’t in his game plan. When he finds out she’s been having sleeping problems, he suspects her money-grubbing cousin is involved. Instead, he discovers something worse: a ghost is living with Maggie and it appears another may be possessing her. Dean is determined to help Maggie rid her home of the unwitting guests. He just never figured his attraction to her would be reciprocated. Keeping his distance is no longer an option, though. If he fails, Maggie could very well be possessed forever.

[Siren Everlasting Classic ManLove: Erotic Romance, Alternative, Fantasy, Paranormal, Shape-shifter, MM, HEA] Immortal Knight – Alistair is an immortal knight charged with protecting humanity and shifters from the dark forces that plague them. Dangerous and deadly, Alistair has spent hundreds of years with his back turned on his duty after the brutal murder of his mate, and he wants nothing more than to be left alone. When his brothers discover what they believe to be a dark witch roaming the woods near their home, Alistair is furious. The witches killed his mate, and he hasn't had a kill in a long time. One look into Kevin's mismatched eyes and Alistair is floored. He immediately rushes into protective mode, protecting his mate from his brothers, who want Kevin dead. Kevin is Alistair's mate, reincarnated after being murdered by their enemy. It sounds outlandish, but when Alistair kisses him, Kevin can't resist. He wants to be taken by this man, wants to be dominated by him—even when horrifying memories from the past start to return. Protective Knight – Alistair, a walking fantasy, is dangerous, deadly, and willing to kill all evil with a flick of his sword. He practically walked out of a romance novel. This isn't fantasy, it's real life, and Kevin is pregnant with Alistair's child when evil rushes to the front door to attack. They know Kevin is alive, and they want him dead. Murdered in a past life by this same evil force, Kevin doesn't want a repeat, and luckily Alistair won't let anyone get between him and his mate. Alistair will do anything to protect his lover. Kevin died in their previous life, but Kevin is back, and he may hold the key to everything Alistair and his brothers lost, which is why a sworn enemy wants his mate kidnapped and killed. Alistair hasn't wielded his sword in a long time, but for his mate and unborn child, taking up the blade and being the protector he used to be comes all too easy.

Meet Kevin de Bruyne – Ultimate Football Hero. Kevin de Bruyne is arguably Manchester City’s best player. This is the story of how the young Belgian rose through the ranks, worked hard despite the difficulties he faced along the way, and showed courage and determination to prove his skill in the world’s toughest league. His versatility, technique and goal-scoring ability to have allowed him to become a midfielder like no other this season.

She is the daughter of a Japanese Samurai, swept forward 300 years by an unexplained wormhole. He is a maverick scientist, determined to solve the riddle of her journey through time. Together they must prevent a catastrophe that threatens to destroy everything that ever was or ever will be. Tokyo-based physicist Peter Walker attempts to prove himself and his radical theories correct by detecting wormholes he predicts will be created by the Large Hadron Collider at CERN in Geneva. But instead of making an incredible scientific breakthrough he discovers Nene, a Kimono-clad Japanese woman trapped in a deep, dark mountain cave, weakened from thirst and hunger, and unable to recall how she came to be there. Recognizing that something, somewhere – and someone– has gone seriously wrong, Peter is determined to unravel the mystery of her journey forward 300 years in time, yet finds himself entranced by Nene’s beauty and struggles to maintain his objectivity – until an unstable wormhole interrupts their short time together. Realizing that only he can prevent the annihilation of everything that ever was or will be, Peter chases through past, present and future to once again rescue Nene and destroy the out-of-control wormhole generator before all is lost. Causality Paradox: When the future becomes the past, the past becomes the future, and the present does not exist. Creation and Controllability of Stable Einstein-Rosen Bridges. In eighth grade Kevin Schuler is a popular kid with a decent, if not stellar, record on the track. Yet after fate takes him off a bus that crashes and kills his fellow students, including his girlfriend, Kevin inexplicably becomes a track phenomenon. Separated from his memory and distanced from his own life, he effortlessly smashes records and gains national attention, until he finds that he can no more remain apart from himself than he can from the ground beneath his feet.

Three: Enter a world where nothing is what it seems. Where your closest friend could be your greatest enemy. Kevin Larson is driving his car late one summer day when, suddenly, his cell phone rings. A man who identifies himself as Slater speaks in a breathy voice: You have exactly three minutes to confess your sin to the world. Refuse, and the car you're driving will blow sky high. Kevin panics. Who would make such a call? What sin? Kevin divines the car. Precisely three minutes later, a massive explosion sets his world on a collision course with madness. From the #1 best-selling fiction author comes a powerful story of good, evil, and all that lies between. Obsessed: A deadly tale of ultimate obsession. Stephen Friedman is making a good living in good times. He's just an ordinary guy. Or so he thinks. But one day an extraordinary piece of information tells him differently. It's a clue from the grave of a Holocaust survivor. A clue that makes him heir to an incredible fortune...a clue that only he and one other man can possibly understand. That man is Roth Braun, a serial killer who has been waiting for Stephen for three years. Roth was stopped once before. This time nothing will get in his way. Known worldwide for page-turning, adrenaline-laced thrillers, Dekker raises the stakes in this story of passion, revenge, and an all-consuming obsession for the ultimate treasure.

If you test a new car you have to get in it to drive it, if you try a new dress you get in it to try it. We are often inspired by words like heavenly experiences, encounters with the glory... This is the How to ... How to go in it, to experience it. The thrill of encountering the supernatural. How far, how fast, how wonderful and where do I fit? When you read about cars, bikes, rifles you always talk about the size, the make the gears, the distance the speed, and the velocity but for ladies the color, and the greatness of the purchase. These are Denise's experiences of changing gears of How to move into your true identity. How to see the heavenly, how to encounter the glory.

Charles B. Strozier's college lost sixty-eight alumni in the tragedy of 9/11, and the many courses he has taught on terrorism and related topics since have attracted dozens of survivors and family members. A practicing psychoanalyst in Manhattan, Strozier has also accepted many seared by the disaster into his care. In some ways, the grief he has encountered has felt familiar; in other ways, unprecedented. Compelled to investigate its unique character further, he launched a fascinating study into the conscious and unconscious meaning of the event, both for those who were physically close to the attack and for those who witnessed it beyond the immediate space of Ground Zero. Based on the testimony of survivors, bystanders, spectators, and victim's friends and families, Until the Fires Stopped Burning brings much-needed clarity to the conscious and unconscious meaning of 9/11 and its relationship to historical disaster, apocalyptic experience, unnatural death, and the psychological endurance of trauma. Strozier interprets and contextualizes the memories of witnesses and compares their encounter with 9/11 to the devastation of Hiroshima, Auschwitz, Katrina, and other events Kai Erikson has called a "new species of trouble" in the world. Organizing his study around "zones of sadness" in New York, Strozier powerfully evokes the multiple places in which his respondents confronted 9/11 while remaining sensitive to the personal, social, and cultural differences of these experiences. Most important, he distinguishes between 9/11 as an apocalyptic event (which he affirms it is not,rather, it is a monumental event), and 9/11 as an apocalyptic experience, which is crucial to understanding the act's affect on American life and a still-evolving culture of fear in the world.

Thousands of readers love Argonauts, calling it a "fantastic tale" and "clever, rich, and highly entertaining." It's a new twist on an old myth. It's the story of Jason, a wealthy son of privilege who longs to be a warrior. His father's death means Jason can finally join the Argonauts, an elite group of warriors who've overhauled their genetic code. It's the story of Medea, a scientist who toils away in a lab changing people's genes. She gives the warriors their powers, but she never gets an ounce of credit. And now she's found herself fighting alongside them. And it's the story of an adventure turned suicide mission, all for the sake of a crown. Readers love the twists on ancient Greek mythology. The story of Jason and Medea is thousands of years old. It was once the subject of some of the greatest plays and poems in human history, but the myth has died away in recent years. We remember Hercules, but whatever happened to Jason? Argonauts retells the old story in a near-future science fiction setting, with future technologies replacing ancient magic. One Goodreads reviewer wrote: "I love mythical retellings and this is certainly one of the most innovative.... It shouldn't work, but it does. The ancient Greek names and themes actually seem to feed perfectly into the world...." Another reviewer said she "loved the spinning of the classic tale into something futuristic and different!" Even if you're not a mythology expert, you'll find yourself recognizing pieces of the myths. Maybe you're a Game of Thrones fan who'll learn where the Harpies came from, or where Cersei Lannister got her name. Or maybe you're a Harry Potter fan who'll learn about the myths that inspired characters like J.K. Rowling's Amycus Carrow. These authors loved the myth, and you might, too. Readers love the science fiction premise. You've heard the stories in the news. Jobs being taken by robots. The corporate elite revealed to be more and more corrupt. Extremists all over social media. Strange technologies that do things you couldn't imagine. Where will it all lead? Argonauts is a look at the future through the lens of a great. Greek mythology was full of monsters. But the monsters of the future don't come from a magic potion. They've changed their genes, and they aren't entirely human anymore. Sci fi fans are raving about the book. One reader called it a "sci fi gem." Another said it was "reminiscent of Asimov" and "very well done." And a third called it "a welcome addition to the reading shelf of fans of sci fi." Even readers who aren't exactly nerds have found themselves enjoying it. As a Goodreads reviewer put it: "I really enjoyed the book, it's not a book I would normally pick up and read. But branching out this time certainly paid off!" Readers love the romance. One of the most famous romances in history was between Jason and Medea – a Greek warrior marked for death, and the sorceress who saved him. It was a passion inspired by the gods, and a love doomed to end in tragedy – at least in the old myths. There's no tragedy in this book, but the love story is still there, and reviewers love "the chemistry between Jason and Medea." A strong, commanding warrior, sent off to die in a foreign land. A sorceress who starts out as his enemy, but finds herself helping him instead as she falls deeper and deeper in love. It was a passionate love, the kind that inspired a princess to give up everything she cared about to save a hero from a foreign land. In Argonauts, Medea is a scientist, not a sorceress - but there isn't that much difference in the end. Give Argonauts a try today. You'll experience the myths. You'll wonder about the future. And you'll fall in love with Jason and Medea, all for less than the price of a movie. Join thousands of fans and buy your copy today.

It was a baby in 1999 that inspired me to write a Christmas story, so I did it. In all truthfulness it tore me up to write it, because my vision was not limited to my words. It made me remember what Christmas was really all about. At that time I decided to write a story each year for Christmas and give copies out as gifts. Each year the recipients of my stories would encourage me to publish them, ten years later I now have enough stories, and lack reasons not to. So I offer a collection of what I call for lack of a better title "Holiday Stories". They carry a decided Christian slant and hopefully give reason to be thankful. Hopefully they bring as much joy as sadness, and a lot of thought moments. It's difficult, to say the least, to try to describe this mixed bag of stories, especially when you know its only through the help of the Lord that the ideas and stories came into being. There is a similar central theme to many of the stories. There is that common thread of spirituality in the message of each story. The stories all are to bring a remembrance of Jesus Christ and what he did for sinful humankind. The stories are to illustrate a higher and purer love in sacrificial action in a world that we are all too familiar with. I hope you will enjoy these stories as much as I enjoyed writing them. And I pray the Lord that my words will convey the vision that I was granted when I wrote them.

STEAMY HOT SCI-FI ROMANCE COLLECTION: 6 STANDALONE BOOKS IN ONE. No cliffhanger. Guaranteed HEA. Alien's Mail Order Queen When 30-year-old yoga instructor Freya Reese finds herself buried in debt, she did not have any choice but to sell her mother's old studio and move to a strange planet for a hard-to-resist job offer. But upon arriving at Planet Trypjin, she is shocked to discover that she was actually attending her own wedding—to become the new queen! Not only was she supposed to pretend to be a queen, but she had to be a wife to King Zaino too who was handsome but was totally obnoxious. Was the high-paying job, impressive title, and luxurious lifestyle worth all the stress and agony? Eventually, Freya decides to finally find a way to escape and get back to Earth. But when she glimpses of the king's gentle, caring side, her mixed feelings get in the way. Furthermore, as she teaches yoga to the palace workers and the planet's alien warriors, she begins to develop a heart for this new world. Will she choose freedom over love and her newfound home? And is the love worth fighting for in the first place? Alien Queen Ten years have passed since Jessica had lost her husband during The Fire-- a blaze of fire that had quickly enveloped the entire earth in an explosion of brightness, designed to aid in the attack of the Xantrax Clan which is an alliance of evil aliens from different planets. Since then, she hasn't opened her heart again to anyone, not even to her close friend Rob who's been openly expressing his romantic feelings for her. Vestig Warriors, sworn enemies of the Xantrax Clan, have lost their planet in the process of helping humans and have since lived on earth to work with the military in protecting the earth. When good-looking alien soldier 1X57V7Z, whom Jessica nicknames One, gets assigned to work with her on a school security project, she couldn't believe her bad luck. To make it even worse, he is also tasked to protect her 24/7 from an evil alien who's out to make her his queen! Will living together and seeing One's humane side finally make Jessica fall in love again? And Will One actually choose her and fulfill her dream of building a family over his military ambition and pledged duty to protect the earth? Alien Mate Amanda Starling has the life she wants. She is a successful business woman and colonist on the planet Candlee. It is the perfect payback for her parents who call her fat and are embarrassed that she wants to live her life on her own terms. Perfect that it is until the invasion happens. The Tulians are a non-violent race that suddenly and inexplicably take over the nearest planet to Candlee and threaten Amanda's perfect existence. All of a sudden nothing makes sense to her, especially why she would befriend a fugitive Tulian, while on the run from her own Federation Military. Suddenly she is on the run with Bolan the fugitive Tulian, having to go into hiding with him to stay alive. Things become even more confusing for Amanda as she falls in love with her fugitive. Trapped in their hideaway by surrounding troops, she embraces her love without knowing if this will doom her or save her. Alien Mind Nikki is single and living the dream as an advertising freelancer. She works from home half the time and the other half is meeting with clients. Her best friend Travis has been living across from her for 10 years. Hitting her 40th birthday, she notices that Travis is different, more sure of himself, a little cocky and he seems to be interested in her in a more than friendly way. She thinks there is something strange and it seemed to happen right after those strange lights in the sky. Travis has been taken over by an Alien named Ronnick. He was by accident transplanted into Travis. She begins to fall for him, but at first she has no idea that he is now Ronnick. What happens when she finds out? Will she be willing to sacrifice love for friendship or friendship for love? What of the host? Is Travis still there and does he know what's going on? Aliens Lover Samantha Fitzgerald has what she sees as a mundane, normal life. She lives in a city that is perpetually blanketed in snow, works a job where she is not appreciated or even noticed, and has only ever been with two men. She only has one friend and she is a "late-blooming orphan". Then she starts to see the spaceship in the sky. It is a huge UFO, but nobody else can see it. There is nothing on the news and there is no widespread panic. There can only be one conclusion: she is crazy. And when she hears the voices telling her to go into the country, she is sure she is getting even crazier. Then she meets Bak and Ras, blue-skinned aliens who have travelled from another galaxy to be with her. Why do these aliens want her so badly? Can she love men who aren't human? Can she really leave Earth with them and journey across the stars?

The Mountain of Oblivion

A masterful novel about the complicated ties that bind families together and the love that has the power to drive them apart.

The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother 's unsettling quest to understand her teenage son 's deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social denigration of motherhood. Did her internalized dislike for her own son shape him into the killer he 's become? How much is his fate? Now, two years later, it is time for her to come to terms with Kevin 's horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the Boston Globe describes as "impossible to put down." Is a stunning examination of how tragedy affects a town, a marriage, and a family. Do you love stories with sex, romance heroes who hit all—wealth, status, and incredibly good looks? Harlequin® Desire brings you all this and more with these three new full-length titles for one great price! DEMANDING HIS BROTHER'S HEIRS (Billionaires and Babies) by Michelle Celmer Holy never knew her late husband had an identical twin until the man showed up on her doorstep, demanding to help raise her twin sons. Look For Harlequin® Desire's August 2015 Box set 1 of 2, filled with even more scandalous stories and powerful heroes!

Weaving together loss and anxiety with fantastic elements and literary sleight-of-hand, Kevin Brockmeier 's richly imagined Things That Fall from the Sky writes the nagging riddles of the world through a hopeful lens. In the deftly told "These Hands," a man named Lewis recounts his time babysitting a young girl and his inconsolable sense of loss after she is wrrenched away. In "Apples," a boy comes to terms with the complex world of adults, his first pangs of love, and the bizarre death of his Bible coach. "The Jesus Stories" examines a people trying to accelerate the Second Coming by telling the story of Christ in every possible way. And in the O. Henry Award winning "The Ceiling," a man 's marriage begins to disintegrate after the sky starts slowly descending. Achingly beautiful and deceptively simple, Things That Fall from the Sky defies gravity as one of the most original story collections seen in recent years.

They say that long ago, there was a rebellion in Heaven. That an army of angels sought to seize the throne, and were cast down into the pits of Hell in punishment. Those are the affairs of angels, and everything would have been fine if they'd kept them to themselves. But there's been another uprising, and another Fall. Cast down to Earth, the rebel angels ravaged the globe in an orgy of sin and violence as they indulged in their newfound freedoms. Their new home is the Perch, a black, towering monstrosity that blights what's left of the New York City skyline. Life inside the Perch means you watch your tongue, if you're a servant. Jana has lived there since she was a child, and now she's found herself thrust into the middle of angelic politics. Some of them want to torture her, just for the fun of it. Others say they want to protect her. And Rhamiel, a charismatic and powerful angel with one of the few faces that wasn't burnt and scarred by the Fall, is relentlessly pursuing her affections. Life outside can be just as dangerous. Strange things fell with the angels and wander the countryside. The roads are filled with Vichies, cringing humans who've thrown their lot in with their oppressors and won't hesitate to take advantage of the weak. But some are still fighting, including William Holt. He leads a small cell of fighters, searching for a way to strike back against the angels without getting themselves killed in the process. And all around, the fallen angels inflict their savageries on the dwindling remains of humanity, enjoying every vice they'd been forbidden during their long centuries of service. They Who Fell is the first book in a trilogy.

New York Times bestselling author Kevin Hearne returns to the world of his beloved Iron Druid Chronicles in a spin-off series about an eccentric master of rare magic solving an uncanny mystery in Scotland. "A terrific kick-off of a new, action-packed, enchantingly fun series." —Booklist Al MacBharrais is both blessed and cursed. He is blessed with an extraordinary white mustache, an appreciation for craft cocktails—and a most unique magical talent. He can cast spells with magically enchanted ink and he uses his gifts to protect our world from rogue minions of various pantheons, especially the Fae. But he is also cursed. Anyone who hears his voice will begin to feel an inexplicable hatred for Al, so he can only communicate through the written word or speech apps. And his apprentices keep dying in peculiar freak accidents. As his personal life crumbles around him, he devotes his life to his work, all the while trying to crack the secret of his curse. But when his latest apprentice, Gordie, turns up dead in his Glasgow flat, Al discovers evidence that Gordie was living a secret life of crime. Now Al is forced to play detective—while avoiding actual detectives who are wondering why death seems to always follow Al. Investigating his apprentice 's death will take him through Scotland 's magical underworld, and he 'll need the help of a mischievous hobgoblin if he 's to survive.

Veteran humorist Kevin Cornell creates a hilarious and heartwarming tale about life's pitfalls—and learning how to roll with them.

Year 2150By: Kevin S. Kim Damon Brown was only a teenager when there was an outbreak. People were infected, crops were drying up and society was going to hell. He found himself alone with only his adopted brother for company. Both of them were on the run from a band of evil scientists. That was until they were rescued by a renegade army. The army taught the brothers about their supernatural lineages and how to defend their land. The safe haven did not last very long. The introduction of new faces combined with hidden agendas made for a treacherous war zone.

Several killing incidents occur in different areas in the United States. A certain Major Berkeley shoots and kills fourteen soldiers in the army cafeteria in Texas and tries to kill himself. When asked about the incident, he alleges he has no memory of it. Then, in downtown Chicago, a man with a semi-automatic gun kills around eighteen innocent people in a public library and eventually commits suicide. A unique resemblance is observed from those two killings: the suspects keep repeating the phrases kíllezám allz at the shootout. Michael Ackmer, an agent who disguises himself as an army psychologist named Kevin Baleman, witnesses how Major Berkeley kills himself while in an army hospital. Before his death, Major Berkeley utters kíllezám allz and ñno gunz. two phrases which seem so familiar to Michael. In the ensuing days, Michael will experience other unexplainable deaths and strange dreams that would confuse him more than ever. But his mounting questions would be answered through his dreams. He would learn of the existence of two after-death places called ñriver of wailing; and ñmountain of oblivion,; his true identity, and his rebirth to accomplish a very important mission-to tell the world of the truth behind the 1950 killing.

Left with little back in Missouri, Kevin Hunt takes his younger siblings on a journey to Wyoming when he receives news that he's inheriting part of a ranch. The catch is that the ranch is also being given to a half brother he never knew existed. Turns out, Kevin's supposedly dead father led a secret and scandalous life. But danger seems to track Kevin along the way, and he wonders if his half brother, Wyatt, is behind the attacks. Finally arriving at the ranch, everyone is at each other's throats and the only one willing to stand in between is Winona Hawkins, a nearby schoolmarm. Despite being a long-time friend to Wyatt, Winona can't help but be drawn to the earnest, kind Kevin--and that puts her in the cross hairs of somebody's dangerous plot. Will they all be able to put aside their differences long enough to keep anyone from getting truly hurt?

A play by one of Britain's best-selling writers Bazaar and Rummage brings together a neurotic do-gooder, a trainee social worker and three agoraphobics who have been persuaded to venture out of their homes to run a jumble sale. "As a study of agoraphobia, Bazaar and Rummage...is written with great verve, style and wit." (Benedict Nightingale). Set in an adult literacy class where the student's fear of ignorance is as much of a handicap as their inability to read, Groping for Words is a "close up of the social scrap-heap, written in a fine vein of comic indignation and giving a voice to people whose lives are mainly spent in queues and waiting rooms." (Irving Wardle, The Times); Womberang shows free spirit Rita Onions bringing joy and anarchy to the grim waiting-room of a gynaecology clinic. "A daydream of mastered fear" (New Society)

So far in 2013-14 I've written and produced four albums and am working on a fifth. Two: "The river" and "Charleena" in 2013 and "The King of the Fire", and "once Upon a Perfect Storm" in 2014, and am working on "I'm in Love With a Dream". Many of my songs are ballads with a natural order theme to them, I try to put meaning to them , tell a story or have the listener stop and take pause. There is a pattern or creative reality expressed in many of them with a philosophical alignment to Native cultures. Subjects include stuff like Eagles ,Rivers ,Storms ,Dreams, Battle, Love, Spirit, Fire, Wonder, Life, Epic Adventure, and Overcoming or Conquering adversity through Natural Living. I find myself in agreement with native philosophy and teachings

The visionary author's masterpiece pulls us-along with her Black female hero--through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern Black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South.

Rufus, the white son of a plantation owner, is drowning, and Dana is being summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

The Girl Who Fell Through Time

The dead don't come back, but some never leave... Jack Kelly remembers everything about his wife and children. The wonderful smell of his wife's hair, the way she whispers to him at night. His three children running through the house, the sound of their laughter. That was his life before the accident. His near-death experience left him in the in-between space, somewhere between this world and whatever comes next. But he recovered and woke up as his thirteen-year-old self. The doctors tell him it is a false memory, a result of his fall and the insult to his brain from his injuries. "How can a thirteen-year-old boy have a wife and three children?" They ask. But how can he see and hear dead people, demons, ghosts, and shadowy creatures? And if they exist, then is it so inconceivable to believe that Jack's life as a 47-year-old man with a wife and children existed too? Jack begins his journey to find out why and how. And, in the end, he resolves to find his way back to his true existence, back to his family. The Book of Souls is the first book in the series. The Book of Demons is coming... Bobby Cinea has written seven detective stories in one book about each different character going through solving a difficult case, being in the action and deal with real intensive stuff they had to go through from solving cases. For these seven ordinary detectives and their team, their work usually ends up in a library, which is their sanctuary and a place to read and relax at the same time. The first detective series is called Raymond: Librarian PI. Ray Levenstein, a former FBI agent, took over the head librarian job from his friend Jerry who helped him get in the LAPD police academy and became his mentor when he grew up. He was forced into retirement when he was shot in the line of fire when he was a FBI agent. Ray was well respected and highly decorated as an FBI agent, but he decided to retire at a young age of thirty-five. He took over Jerry's job as a head librarian in the Los Angeles Public Library and decided to run a detective agency in his library since he has a PI license. He hires Kevin Sandler, Nick Arbuckle, and Alyson Harris who joined the PI team. Thank you for reading the Seven Librarian Detective series. I hope you enjoy reading them. Who knows, maybe I can come up with another princess story in another time. This is my seventh book that I turn my seven librarian detective stories in one book. See you next time, and the

library is now closed. Good-bye!

Several friends and family members' death is ruled a suicide, boy-next-door-cute Kevin Connor – a hustler by trade, sleuth by default – sets out to prove a case of murder. It doesn't help that the victim's grown children, who disapproved of their father's gay lifestyle, are only concerned about their inheritance. But they are not Kevin's only problem. Despite the lack of anything even resembling an invitation, his mother has moved in with him, and Tony Rinaldi, the ex-lover who broke his heart back in high school, has reappeared years later as the lead investigator in Allen's death. Luckily, Kevin has his handsome best friend, Freddy, on hand to help him try to uncover what really happened to Allen. But Kevin's on his own in figuring out how to get his mother out of his hair and the now-married Tony back into his bed. There's also a small chance that Kevin just might actually be in love with Freddy.

Not to mention the demands of his clients, like the stirrups-wielding gynecologist and The World's Nicest Sadist. And, did Kevin remember to take his attention deficit medication today?

The tower is fallen, its residents scattered or dead. A mob of human refugees swarm the city, tossed into a world they haven't seen in years, and one Jana knows only from distant memories as a child. The ones who tore down her home would have her flee to safety, and to abandon her need to find Rhamiel and know what became of him. But the strike against the angels has returned them to their martial ways, and an army is reforming under the banner of Uzziel with the goal of eliminating any threats to the Seraphim forever. And other castes of angels have agendas of their own, eager to fill the vacuum left by the tower's collapse.
